OFFICE OF THE CHAIRMAN OF THE BOARD OF TRUSTEES
FOR THE IMPROVEMENTS OF THE CITY OF MYSORE

Mysore, Dated, 4th September 1906 *190*
5-9

From

D.Sitarama Rao Esq.,

Chairman of the Board of Trustees,
Mysore City Improvements

To

K.S.Chendrasekhara Iyer Esq., B.A.B.L.

Secretary to the Govt of H H the Maharaja
of Mysore, General & Revenue Departments.

Sir,

I have the honor to report that the laying of Stoneware sewage pipes throughout the City has been completed at an outlay of Rs. 105,953/- as per statement enclosed, and it is desirable that arrangements should be made to keep the whole pipe system with masonry works appertaining thereto, in efficient working order. For daily inspecting and cleaning the manholes, pipes and other adjuncts, on lines, in all the areas, the maintenance of a separate conserving and supervising agency is found absolutely necessary.

2. From details collected it is seen that an establish-ment consisting of not less than 26 sweepers and three Super-vising maistries at a monthly cost of Rs.201/- as noted in the accompanying statement will be required, if the work is to be undertaken by the Trust Board.

3. The City Municipality appears to be maintaining sufficiently a large Conservancy Establishment for its present needs, and any small additional work can be easier tackled by that agency with a minimum of outlay. Under the circumstances it suggests that the pipe system, as now laid by the Trust Board, can be conveniently kept in order by the Municipal Board.

4. The work can be distributed by "Mohallas" among the

ting Establishment, and, if necessary, encourage it by

1906

Subject.

Submits for information a copy of Trust Board's resolution dated 27th ult. with a report, and solicits Govt. of Government to transfer the maintenance of the Sewerage System, as laid by the Trust to Municipal Board.

sanctioning a small allowance in consideration of the additional work that would devolve on it. In case the strength of the exist-ing staff is found inadequate to cope with this additional work only a small increase in the number will, it is believed, be found requisite Even then the extra cost that will have to be incurred by the Municipality will be considerably less than what it would, if the work should be undertaken by the Trust Board through a separate agency at an annual cost of Rs.2,412/ as noted above.

5. No provision for this item was inserted in the Budget for the year 1906-'07, as the conservancy of the whole Town and of the areas, now under the operations of the Trust Board, is under the control of the Municipal Board

6 For reasons noted above, I request sanction of Govt to transfer the maintenance of the sewage pipe system, as laid by the Trust, to the Municipal Board, and also the issue of ne-cessary orders to the President of the City Municipal Board to take charge of the future maintenance of the pipe lines laid.

7. The subject was discussed at the ordinary meeting of the Trust Board held on the 29th Ultimo, and a copy of the resolution No VI, recommending the transfer of the pipe system is enclosed for perusal

I have the honor to be,

Sir,

Your most obedient servant,

Chairman

OFFICE OF THE CHAIRMAN OF THE BOARD OF TRUSTEES
FOR THE IMPROVEMENTS OF THE CITY OF MYSORE

Mysore, Dated, 3rd November *1906*

FROM

D.Sitarama Rao, Esq ,
Chairman of the Board of Trustees
Mysore City Improvements

To

K S Chandrasekhara Iyes, Esq , B A , B.L.,
Secretary to the Govt of H H the Maharaja
of Mysore General & Revenue Departments

SIR,

With reference to Secretary's No3309 dated 29th October 1906, enquiring whether the expenditure of Rs 1,05,753-5-6, incurred in laying out the drainage pipes was confined to the estimate sanctioned for Rs 1,17,282/-, or whether it includes also the amounts sanctioned for other drainage works,

I have the honor to submit a statement which shows the expenditure incurred in laying store-ware pipes in the City, and under what sanctioned improvement schemes the cost is met with From this statement it is observable also that the full sanction for laying the sewage pipes is not worked up ~~fully~~ yet Sanction of Government was solicited in Chairman's No 459 dated 4th September 1906, to hand over the pipe system already completed to the Municipal agency for future upkeep, as no conservancy establishment is being maintained by the Trust Board The provision still available for laying pipes is necessary to thoroughly complete the system

I have the honor to be,
Sir,
Your most obedient servant

OFFICE OF THE CHAIRMAN OF THE BOARD OF TRUSTEES,
FOR THE IMPROVEMENTS OF THE CITY OF MYSORE

No. 568 8/6 807

Mysore, Dated, 17th April .. *1907*

FROM

D Sitarama Rao, Esq ,

Chairman of the Board of Trustees,
Mysore City Improvements.

To

K S Chandrasekhara Aiyar, Fsq ,

Secretary to the Government of H H the
Maharaja of Mysore, Genl and Rev Depts

Sir,

I have the honor to invite attention to correspondence ending with my letter No 487 of the 3rd November 1906, regarding the transfer of the sewerage pipe system of the whole City laid by the Trust Board to the control of the Municipal Board, and to request that early orders in the matter may kindly be issued, as the maintenance of a special staff to clean the pipe line is found absolutely necessary, and the Trust Board Budget for 1906-07, as sanctioned, does not contain any provision for the same The expenditure now incurred for cleaning the pipes is debited to the work itself

I have the honor to be,

Sir,

Your most obedient servant,

Chairman

No. 148 The Civil Municipal Office,
Mysore.

Dated. 3rd. May. 1907.

From

M. Kantharaj Urs Esquire, B.A.

President, Civil Municipal Commission,
Mysore.

To

K.S. Chandrasekhara Iyer Esquire. B.A.B.L.

Secretary to the Govt. of Mysore,
Rev. & Gen. Depts.

Sir,

With reference to your docket No.4635/M1.142-06-5 dated 21st March 1907 requesting to state clearly whether it is considered inconvenient to take up the drainage scheme piece-meal or to take up improvement piece-meal and if the drainage is completed in each area there is no reason why the Municipality should not take it up, I have the honor to state that from the remarks in the statement —— received with the Chairman's letter No.459 of 4th September 1905, it is quite clear that the drainage is completed only in Nos 1 and 2 areas and that it is incomplete in the others.

In Nos. I and II areas the surface drains and flush tanks are damaged here and there. As Government are of opinion that the drainage as completed in each area may be taken charge of, I shall arrange to take charge of the Nos. I and II drainage areas as soon as all damaged surface drains and flush tanks are put in order by —
